

Title: Setting a Trusted Location in Excel for EasyReporting Add-ins for version 5.0+

Abstract: Adding a trusted location in Excel.

Product	EasyReporting Toolset
Suite	Technical
Release	Version 1 +
Document ID	SetTrustedLocationsVersion5+.docx
Date Created	24 May 2018
Date Reviewed	24 May 2018
Date Revised	24 May 2018

Overview

If the EasyReporting ribbon in Excel disappears it could be because COM Add-in is not being loaded from a Trusted Location. The steps below will help you add a trusted location for the folder where the EasyReporting Add-ins are located.

Steps

1. Open Excel
2. Select File > Options > Trust Center then “Trust Center Settings” button.
3. Select Trusted Locations.
4. Press the Add new location button.
5. Browse to the location where EasyReporting has been installed usually C:\Program Files\EasyReporting.
6. Press the OK button to save the location.
